Hardware installed  
onto first truck

**Sep 2022**

Official project kickoff

**Oct 2024**

First commercial  
product release

## Project Background

*Green bin collection  
commenced in 2010*

- New MRFs
- New to handling contamination

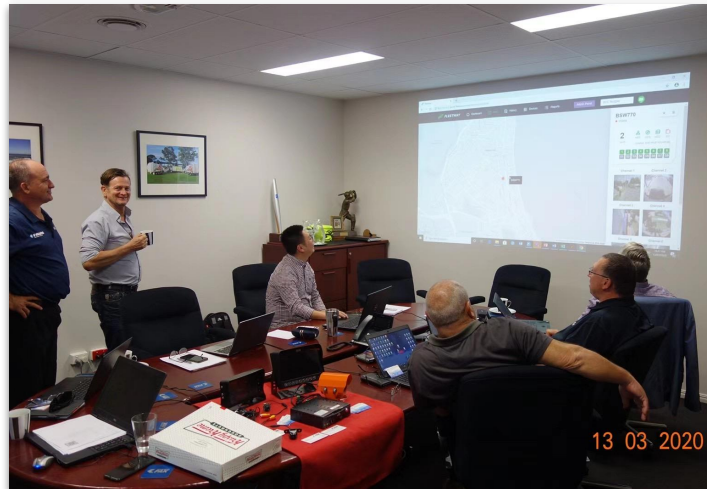

*"Waste facilities are looking for less time sorting and reducing  
the manpower needed to pull out contaminated items."  
"BCC are looking into this now."*
